PMCA Booth Allocation Policy

effective September 1, 2017

- PMCA will assign booths on a first come, first serve basis, with additional consideration for the length of time the company has been exhibiting.
- PMCA will make every attempt to honor requests submitted through your booth reservation form, but cannot guarantee you will receive any of the three you choose.
- PMCA will contact you if we are unable to assign you any of your choices and you will be given the opportunity to choose from spaces currently available.
- PMCA reserves the right to allocate locations at its discretion and, where possible, separate direct competitors.
- PMCA reserves the right to modify the floor plan to add or remove booth spaces if required; if this occurs, the floor plan will be updated.
- PMCA will keep booths posted until September 15th of that year following the conference.

For any questions regarding booth allocations, please contact the PMCA Office:
